HOME ACCESS CENTER

All parents and students are encouraged to use the Home Access Center (HAC) system. HAC allows parents and students in the Ida Public Schools to view pupil progress, grades, attendance and assignments. HAC is updated regularly by our staff and attendance can be tracked hourly.

To access the HAC website, use your web browser to click on the Home Access Center link found on our district website, www.idaschools.org. When you arrive on the HAC website, choose Ida Public Schools from the District choices drop down menu.

Parents, if you have been using HAC, please continue as normal with your username and password. If you have never been on HAC, please call or email the high school office to receive your username and password. Parents with multiple students in Ida Public Schools can use one username and password to view all their children’s progress. All students and parents have their own individual login information.

Students, all HAC passwords will be changed by administration at the beginning of this school year. You will be given information on your new password during the first week of school.

If you have any questions or concerns about HAC, please call the high school office at 734-269-3485.
