# Welcome!

I'm excited about the opportunity to get to know you, and I'm looking forward to a productive school year with each student putting forth their best effort as we navigate the start of the 2020-2021 school year.

This virtual open house will give you a brief overview of the class and details to English 2. A standard more in-depth syllabus will be posted on the Google Classroom and given in class.

Together we will work to make this school year one of the best!

- I will send emails through HAC updating parents and students on details such as lesson plans, assignments, etc. Please make sure to have the correct email address listed with the high school office (on the green registration/medical form) so you are getting the information.
