

Welcome to the History of Rock and Roll!

Hey guys! Welcome back and welcome to the History of Rock and Roll class! In this class, we will focus on the history of rock and roll from its earliest roots in country western and rhythm and blues to modern music. It will discuss how society can reflect and influence the music being produced. The ultimate goal of this course is to help you understand the music you are listening to: where it comes from, what it is made of, where it is going, and to make connections between music and historical events. The course will utilize various forms of multimedia including recordings, videos and documentary films.

Suggested Supplies:

- Binder/notebook paper or notebook (we'll be taking some notes on notebook paper and some on notesheets)
- Pens/pencils
- colored pencils
