

Welcome to World History!

Hello! I'm Ms. Jordan and I'll be taking you through the exciting journey of World History this year! We will travel from ancient civilizations into the 20th century over the course of the year. Some major topics will include religious traditions, colonialism, imperialism, world wars, and conflicts/interactions between civilizations.

As we begin the year with our hybrid model, we will spend the first few days making sure students understand how to log into their email, our Google Classroom and Microsoft Teams for digital assignments and class meetings. Because our technology is spread thin right now, **please bring some type of device to class your first week! This is the only time it will be ok to have your cell phone in class! If you have a laptop or chromebook, that is preferred, but your phone will work in a pinch.** We will have limited access to computers in class the first few days!
