

Forensic Syllabus

Objective: The Forensic course is designed for students to develop an understanding of fundamental principles of forensics. Forensics will give students critical thinking skills for the future study of science.

Topics:

- Scientific Method
- Biochemistry
- Crime Scene Basics
- Physical Evidence
- Trace Evidence
- Fingerprint Basics
- DNA evidence
- Forensic entomology

Materials: Students will be expected to bring the following materials to every class.

- Pencil or Pen
- Spiral notebook or 3 ring binder
